fcB2B Announces 2017 Annual Meeting

Organization Plans to Unveil Ground-Breaking B2B E-Commerce Standards

July 17, 2017 - Dalton, GA - Today Scott Humphrey, Chief Executive Officer, WFCA, announced formal plans for the fcB2B Annual Meeting, to be held August 15-17 at the Rosen Shingle Creek Resort in Orlando, FL. The event will coincide with the CFI Convention and other industry events.

According to Phil Zolan, Executive Director, fcB2B, this year's meeting is a game changer for the industry. “I am urging all flooring manufacturers, distributors, software companies, along with retailers and industry groups interested in advancing their businesses electronically, to attend,” Zolan said. “This year’s conference will include an unveiling and implementation of an all new set of floor covering B2B standards.” Zolan said the new and improved standards address a laundry list of issues and “pain points” that exist with the current standards. “In many cases, outdated business-to-business transaction systems have been hindering trading partners across industries that have adopted more advanced B2B platforms,” Zolan explained. “The new standards will move our whole industry from one based on 1997 technology to current 2017 standards that are now fully compatible with standards used in all major industries around the world.”

In addition to the new standards, the meeting will include presentations on industry metrics, updates on the new web services being developed and implemented by Association members, and discussions on advancing the adoption of B2B by manufacturers, distributors and retailers.
